PREMIUM QUALITY NATURAL STONE

The long-term performance and slip-resistance of Premium Quality Natural Stone from Unilock make it an excellent choice for many applications. It features a low-profile thickness which is particularly well suited to a concrete or wooden deck overlay where height or weight of the material might be constrained.

Premium Quality Natural Stone from Unilock should always be installed by a qualified contractor for best results. Refer to the Unilock Natural Stone Installation Guide for complete installation specifications.

Fairstone is your assurance that these products are quarried and processed to the strict standards of the ethical trading initiative, ensuring that no child labor is used, fair wages are paid and safe working conditions are maintained.
